*Look With Favor Upon Bold
Beginnings.*

Coming Together Is A Beginning.

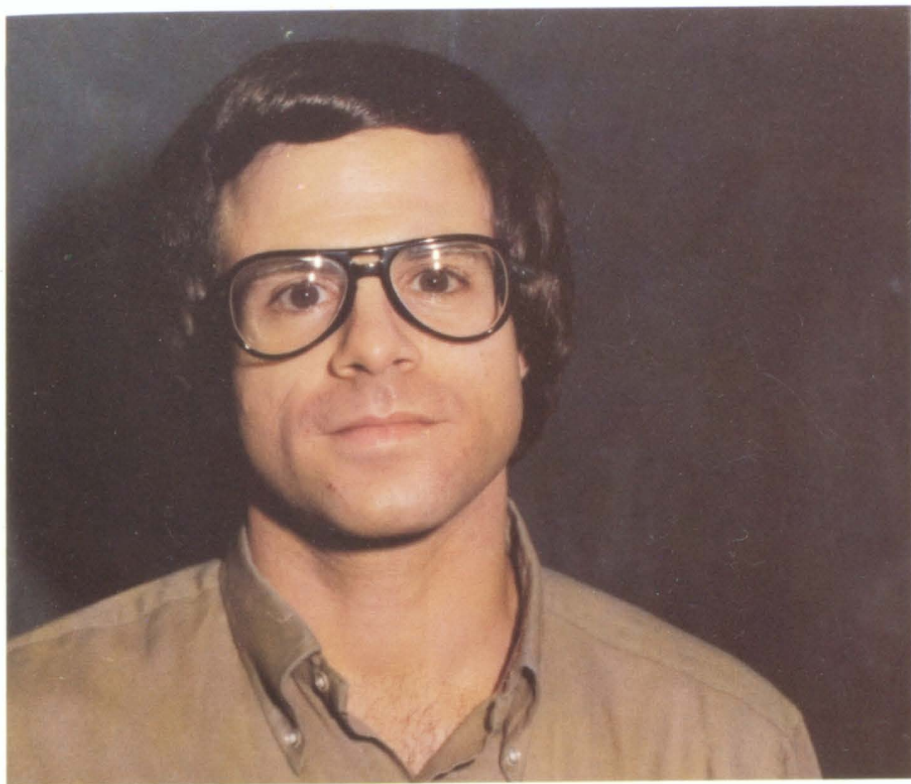

Counselor and friend, Ms. Jeanne Oppel has guided our lives at Science High School for four years. When we arrived at Science High, it was she who began to smooth the rough edges of our immaturity. After four years, we are on the threshold of adulthood, ready to accept the challenges that await us. For putting up with us, for guiding us, for inspiring us, the Class of 1982 says, "Thank you," to Jeanne Oppel.

ADVISORS

Richard Balsamel

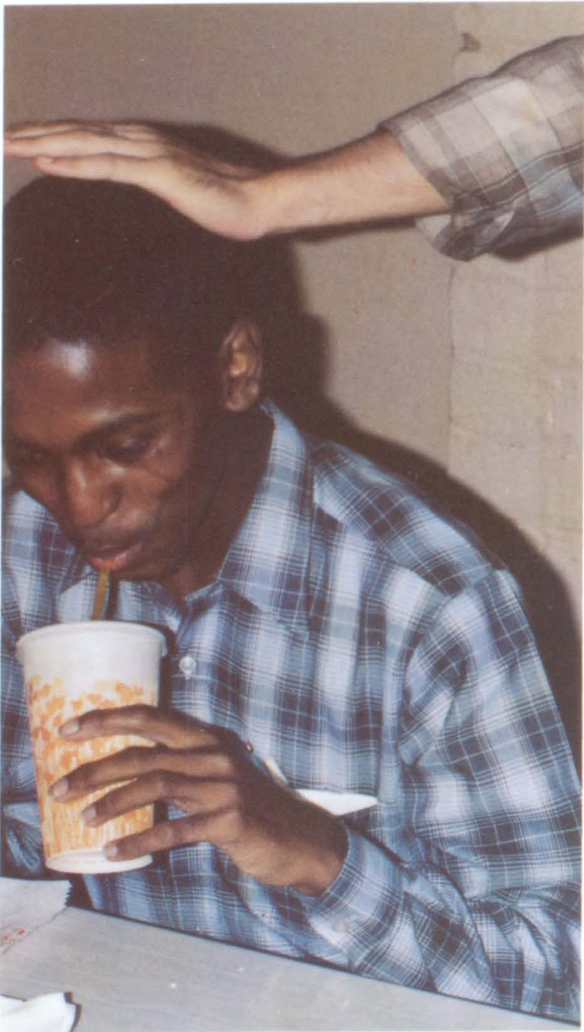

Kathleen Donohue

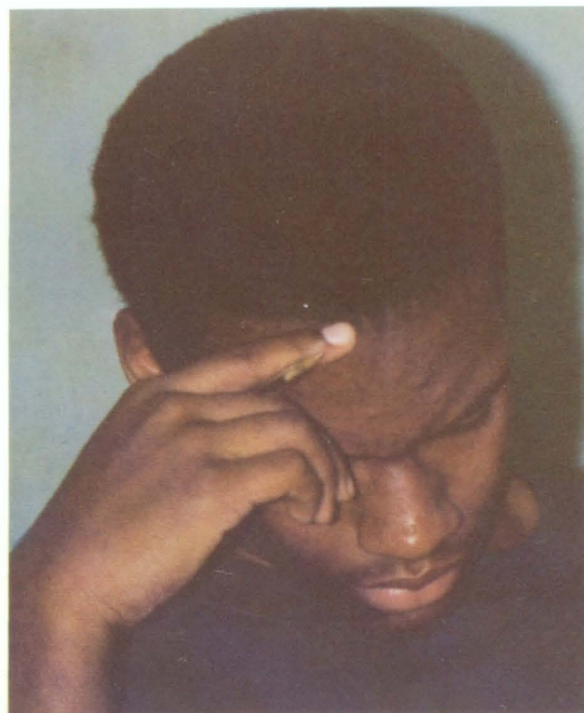

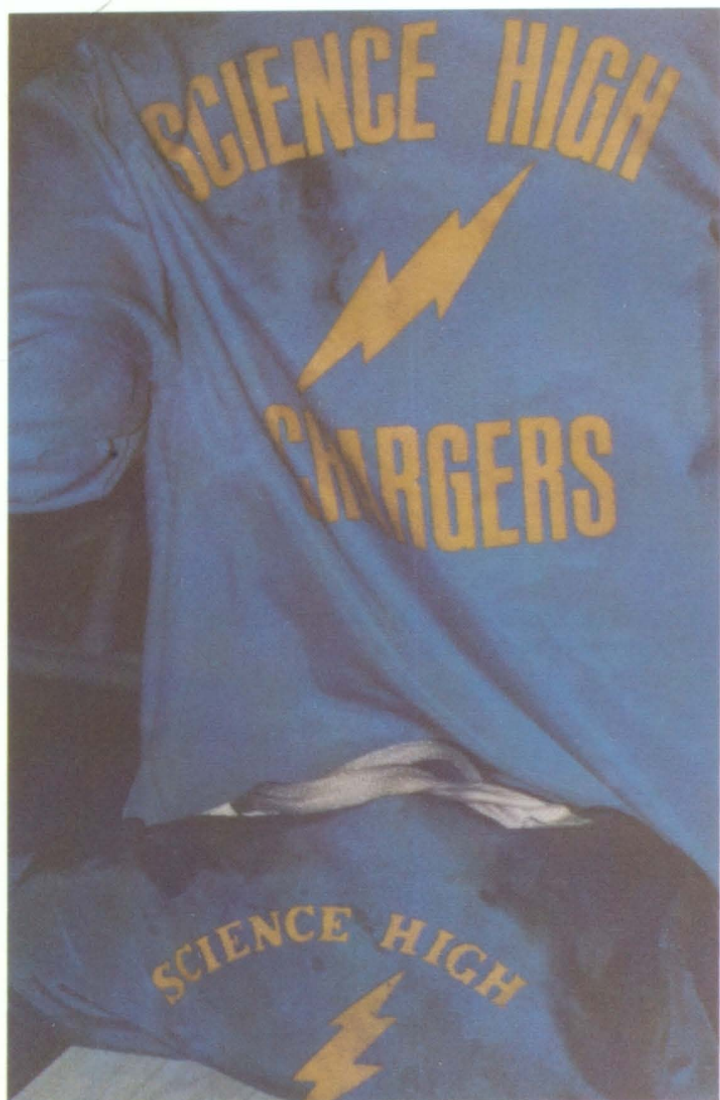

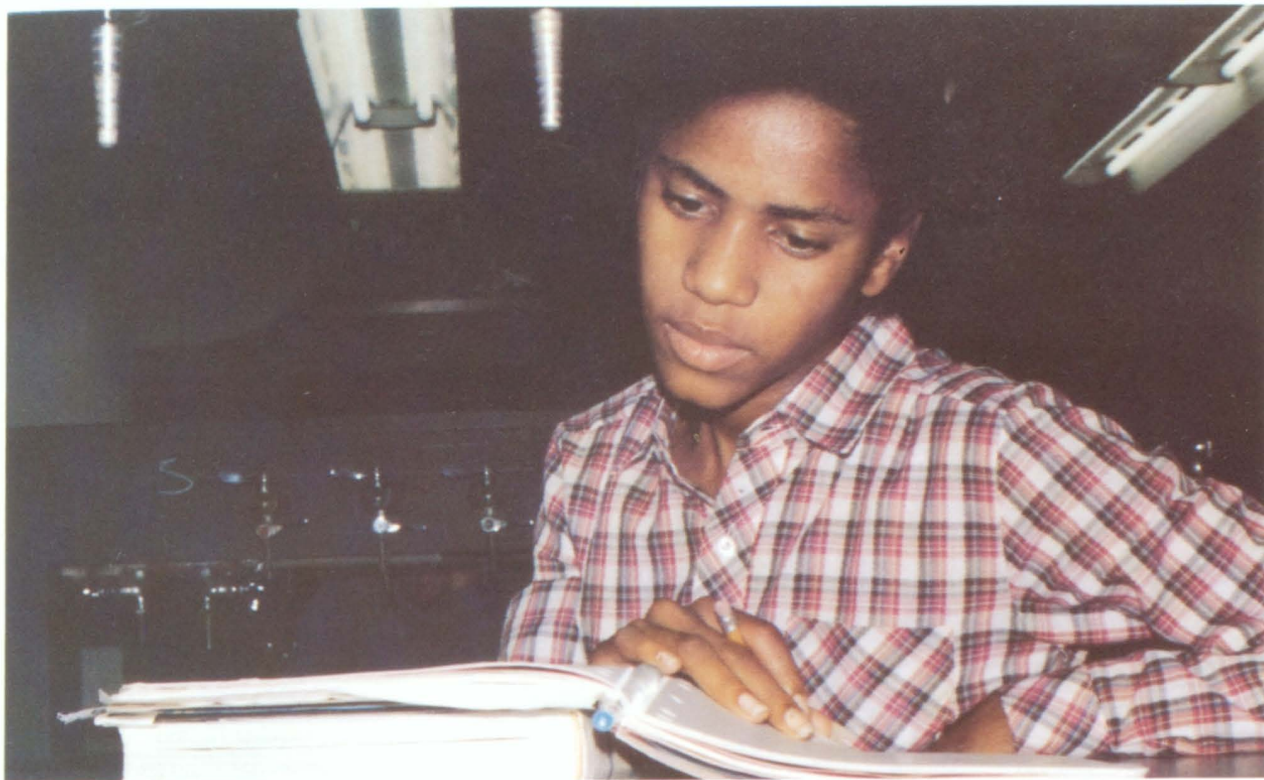

The Science High School graduating class of 1982 would like to express its appreciation to a man and a woman who have been absolutely vital to the development and welfare of this Senior Class. Their unselfish sacrifice has been most beneficial to our growth and well-being. They are the people who started with a group of unorganized individuals and converted them into the unified spirit known as the Class of '82. It is to you, Richard Balsamel and Kathleen Donohue, that we, the Class of '82, truly give thanks for all of your help during the past four years. We love you.

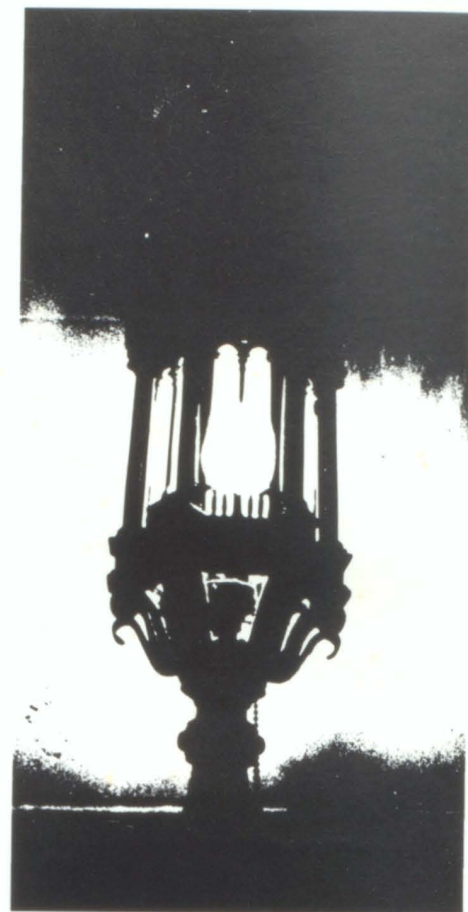

Keeping Together Is Progress.

*Working Together Is
Success.*

As freshmen we were like the pieces of a jigsaw puzzle placed in a box. We came together for a common goal: an education. As the years progressed, our teachers, our guidance counselor, and we ourselves began to put the pieces into place. Some pieces had to be shaped or made to fit the specifications of the puzzle. During our sophomore and junior years, we worked together academically and socially in order to approach our goal. Now we are Seniors, and the puzzle is complete. We will soon have to begin this synergistic process again just as we have done in the past four years at Science High School. But we know that we can make the pieces fit. The fragments which came together in the beginning, kept together for four years, and worked together towards a common goal —

A school is a meeting place of minds. Young and immature minds begin to advance in the various areas of learning under the guidance of teachers. These teachers devote their time to enriching the minds of Science High School students and the Class of 1982 feels that they have achieved their goal. It is to these teachers, as well as to the administrators, supervisors, guidance personnel, and staff that we owe a debt of gratitude.

SENIOR, n. — a student in the last year of a high school.

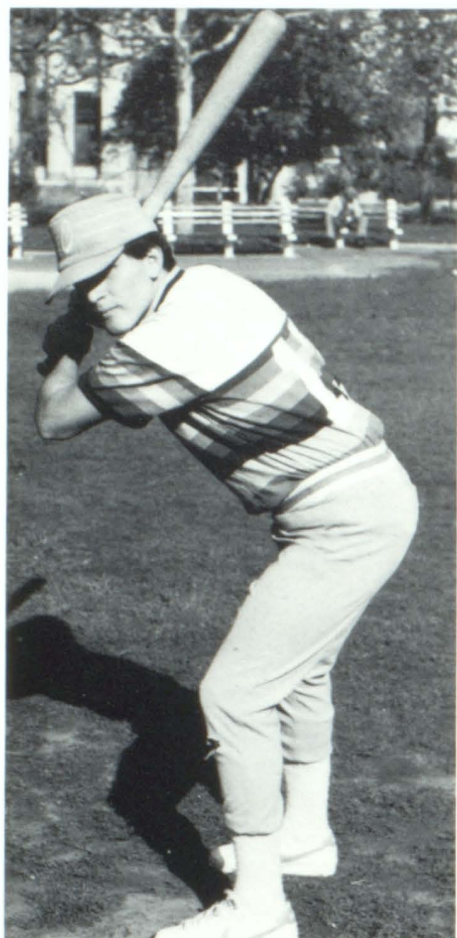

GRADUATE, n. — a person who has completed a course of study.

In September, 1978, these words seemed so far away. But here we are, Seniors and Graduates in the class of 1982. We have arrived!

ACTIVITIES

You've heard of a million dollar infield. Here comes the Science High infield. The Central baseball team has Seniors Dave Maldonado (3B), Ralph Pastore (SS), Anthony Smith (2B), and Junior Jason Holcomb (1B). Using speed and defense the team will be a strong contender for the city championship and will have a high ranking in the county. Play ball!

SENIORS 32 — JUNIORS 27

Nothing comes easy to the class of '82, not even a basketball game. On Nov. 25, 1981, the annual Jr.-Sr. game was played. The game was competitive but in the end the Seniors emerged victorious. At the end of regulation time, the score was tied. In overtime, utilizing superb scoring and defense, the Seniors were able to pull off a close 5 point victory. Dave McClish scored 10 points. Other top scorers were T. Brantley, A. Smith, R. Smith, and R. Thompson.

1982 State Gr. III Indoor Mile Champions . . . Indoor mile record holders . . . Gr. III 440 individual champion . . . Gr. III second place State Relays! . . . All of these our Science High trackmen accomplished. Running for Central, our Seniors teamed up to score impressive victories throughout the '81-'82 indoor season capped by the State Relay mile championship and an overall 2nd place finish in Gr. III. Joe Strickland's individual success included the 440 Gr. III State Championship.

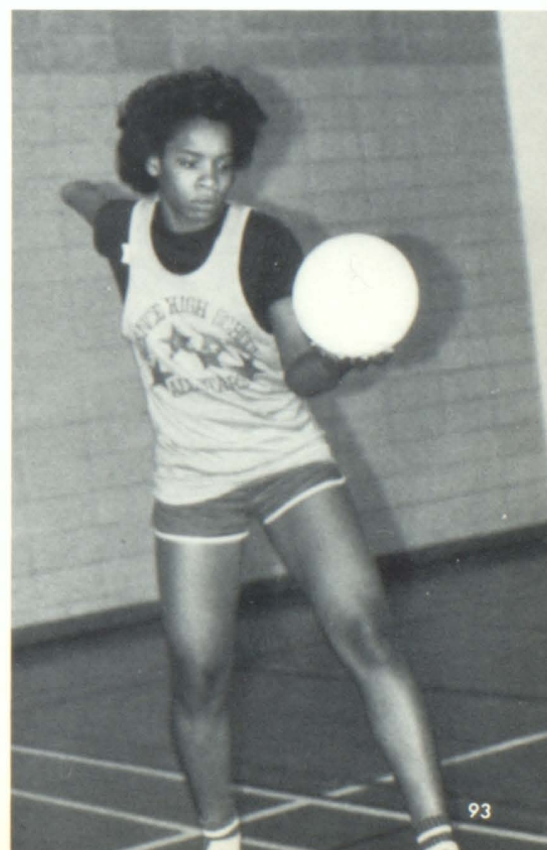

E. McCathern, A. Smith, T. Smith, G. Chambers, J. Strickland

The Senior girls won a hard fought, come-from-behind battle over the Junior girls in the annual Sr./Jr. volleyball game. After losing the first game 12-15, the determined Seniors crushed their opponents 15-5 and 15-10 to become this year's champs. The young ladies dedicated the game to their former counselor, Jeanne Oppel.

As a beauty, I am not a great star. There are others more handsome, by far. But my face — I don't mind it, for I am behind it; it's the people in front get the jar because much that I sought, I could not find; much that I found, I could not bind; much that I bound, I could not free; much that I freed, returned to me.

Steve Manley

A year and a half ago, Science High School entered Interscholastic competition in debate. Led by Seniors Manley, Shepherd, and McNeil, the team has compiled an impressive record, facing top academic talent from high schools across the nation. Since January of 1982, the novice, intermediate and varsity squads have brought home 11 awards. Most recently Manley and Shepherd faced 197 of the nation's best debating teams at Harvard and finished 25th with a 5-1 record. Manley and Shepherd were the first N.J. team to qualify for elimination rounds at a national tournament. The success of the team is a product of our whole school, particularly the expertise of our teachers and the academic pride of our students. The team will continue to bring respect and pride to Science High and to Newark.

Shep, Steve, and Clarence,
We dreamed an impossible dream and then
lived it.
With deep respect and friendship,
Brent

The reward of a work is to have done it.

I thank all the people who helped make the 1982 *Synergist* a reality. My special thanks go to Dick Hempel of Taylor Publishing Co. and to Miss Shirley of Lorstan-Thomas Studios for their technical assistance. I am grateful to those faculty members who were patient and understanding. To my yearbook staff I say, "We did it!" We learned much about a yearbook and about each other. To Wanda Rodriguez, whose assistance was invaluable, I say thanks for a job well done.

In Dreams Begins Responsibility. William Butler Yeats

You have been for me a class of dreams. I believe in you
because of who you are and what you will become.

Your dreams are alive within every one of you. It is your
responsibility to free them, to nurture them, to build upon them.

Thanks for sharing them with me; thanks for being my last
class to counsel and one with whom I have enjoyed so many
good times, so many important moments.

I shall never forget you — nor the dreams you represent.
